The Japs Bombard Port Arthur

**BUT DAMAGE TO TOWN IS
NOT GREAT.**

**Another of Czar's Ships is Re-
ported Destroyed.**

RUMOR THAT PORT IS BLOCKED.

**Japan Has Intimated to Chinâ That
She Wants Strict Neutrality
Maintained.**

Yin-Kow, China, March 23.—An official report has reached here that 18 Japanese warships in two sections bombarded Port Arthur yesterday morning from ten to eleven o'clock between Liao Tishan and Pigeon Bay. They took their stand beyond reach of the forts and threw their shells over the forts to the town. Fourteen persons were killed and wounded. The damage was insignificant.

London, March 23.—A Tokio dispatch says a report has been received there from Moji, on the coast, that a Russian battleship was destroyed in an attack upon Port Arthur made by the Japanese fleet March 18, when the city was bombarded. It is added that the Japanese naval authorities are not advised of the reported engagement.

London, March 23.—(Bulletin.)—A Tokio dispatch to The Times states it is rumored in the Japanese capital that the Japanese have succeeded in blocking the entrance to Port Arthur.

Vienna, March 23.—The Neue Freie Press today learns that Japan has intimated to China that she earnestly desires that Chinese neutrality be strictly maintained in the far Eastern imbroglio. Japan fears that Chinese participation would seriously affect her foreign trade and possibly cause a Boxer rising, thus leading to intervention by the powers. China, therefore, says the paper, will shortly issue a declaration of neutrality even more decisive than the last.

Washington, March 23.—A cablegram to the state department from Minister Allen at Seoul, dated today, says: "A caravan bound for the mines was stopped by the Japanese forces south of Anju and the miners were not allowed to proceed further in that direction. The newspaper correspondents have been recalled from Northern Korea to Seoul. The censorship is very strict. After a hard night's march Japanese troops are arriving at Ping-Yang."

KOREANS JOIN RUSSIANS.
Port Arthur, March 23.—Word was received here today that 600 Koreans at Possitt Bay have volunteered for service in the Russian army.

KOREANS ATTACK JAPS.
London, March 23.—The Tokio dispatch to The Times says a band of Koreans having risen in arms at Ham-Heung was attacked by a detachment of Japanese from Won-San, who killed two, wounded twenty and captured 29 prisoners, including the ringleaders, who alleged that the rising was instigated by the Russians.

AMMUNITION
Is Wasted by Japs—Last Bombardment of Port Arthur Resulted in Only Five Deaths.

St. Petersburg, March 23.—The emperor has received the following telegram from Viceroy Alexieff:

"Lieutenant General Stoessel reports that at midnight of March 21, Japanese torpedo boats were discovered by our searchlights. Our guard ship and four batteries opened fire upon them, lasting for 20 minutes. At 4 o'clock in the morning the attack was renewed.

"At 6 30 in the morning four of the enemy's ships appeared from the south, followed by the whole squadron of 11

ships and eight torpedo boats. Our squadron left the roadstead to meet the enemy.

"At 9 o'clock the enemy's battleships opened fire, after which they took up a position behind the rocky eminence of Liao Tishan and bombarded Port Arthur."

Viceroy Alexieff adds that he is waiting for details.

A later dispatch from the viceroy to the emperor says:

"According to a supplementary report from Lieutenant General Stoessel, the enemy's fleet consisted of six battleships and 13 cruisers. About 9 o'clock in the morning the fleet divided, the battleships and torpedo boats taking up a position between Liao Tishan and Golubina bay (Pigeon bay), while the cruisers formed up in two divisions to the south and southeast of Port Arthur.

"At 9:20 the battleship Ritvikan opened fire over the crest of Liao Tishan against the enemy's battleships, which replied by firing on the town. Meanwhile our fleet formed up in line in the outer roadstead.

"About 11 o'clock in the morning the canonade slackened, and the Japanese fleet, re-uniting, drew off slowly to the southeast and at 12:30 had disappeared.

"During the bombardment five soldiers were killed and nine were wounded. One soldier on the shore was bruised."

Another telegram from Viceroy Alexieff to the emperor gives Vice Admiral Makaroff's report as follows:

"At midnight of March 21 two of the enemy's torpedo boats approached the outer roadstead, but were discovered by the searchlights of the batteries and fired upon by the forts and by the gunboats Bobr and Otravny. They were obliged to retire.

"A second attack was made at 4 o'clock in the morning by three torpedo boats, which also were repulsed.

"At daybreak three detachments of the enemy's fleet, consisting of six battleships, six armored cruisers, six second and third class cruisers and eight torpedo boats, approached from all sides. At 7 o'clock our squadron commenced to leave the inner harbor, the cruisers leading with Askold flying my flag at their head, and the battleships following.

"The enemy's battleships approached Liao Tishan and fired 100 shells from their 12-inch guns at Port Arthur and 108 shells at the environs of the town.

"Our shells, fired at a range of 80 cables, were well placed. About 10 o'clock a Japanese battleship was struck by a shell and retired.

"We lost no men during the bombardment, which ceased at 11 o'clock, when the enemy's ships reassembled and, after passing along the outer roadstead, drew off without attacking our fleet."

TUBE MILL

**AT ZANESVILLE IS PURCHASED
BY EASTERN MEN.**

**Plant Brought \$170,000.—It Is Thought
That the Mill Will Be Put in
Operation Soon.**

Zanesville, O., March 23.—The mammoth plant of the Eastern Tube company was sold for \$170,000 to Edward A. Nugent, of New York, by Master Commissioner Walter Zinn, of Columbus, yesterday, at the plant.

Nugent, it is thought, is associated with Turner A. Beall, of New York, in the Ohio Tube company, which was organized a few days before February 14, the date fixed for the first sale, for the sole purpose of taking over the local plant. Beall is the former president of the Eastern Tube company, and his brother is associated with him in the Ohio Tube company, which was organized under the laws of New Jersey.

C. E. Corbett, the former general manager of the tube works, and Attorney E. Bailey, of Pittsburgh, were the only other bidders. Bailey represented the interests of combined Eastern and local bondholders.

It is thought that the plant will be operated within the next 30 days. This opinion is arrived at by experienced iron men, who say the purchaser paid too big a price for the mill to justify its wrecking and removal from this city.

Don't achieve the grotesque while attempting the original.

PROBE APPLIED TO BEEF TRUST

Washington, March 23.—The department of commerce and labor, through the bureau of corporations, is making an investigation into the operations of the "beef trust."

A part of the investigation is being conducted to ascertain, if possible, the cause of the differences in price of beef on the hoof and dressed beef.

Western stock men believe they are being discriminated against by the trust and that the markets of the country were being manipulated to their detriment.

The investigation is being conducted by Commissioner Garfield, under the direction of Secretary Cortelyou.

Beyond that fact practically nothing is obtainable. No statement has been issued by the department and none will be made.

The scope and precise character of the inquiry are not known and the names of the agents who are operating in the field are not disclosed.

HOTEL

**Burns With Other Build-
ings—At Least One
Man Perished.**

Wheeling, W. Va., March 23.—The Sharpe hotel, at Littleton, an oil town, was blown up by an explosion of natural gas this morning. Immediately after the explosion the ruins caught fire and the hotel was burned with a number of other buildings. The body of Wm. Lawson of Pittsburg, a pipe line employe, has been taken from the ruins. The hotel was filled with men who are employed in the oil fields and it is feared that four or five others were burned to death.

IROQUOIS FIRE GHOUL CONFESSES

Chicago, March 23.—A grewsome plot to get valuables found upon victims of the Iroquois fire has been unfolded to the police by John Mahuken, who was arrested several days ago.

The man is accused of seeking to get possession of the body of Mrs. Amelia Mueller of Milwaukee and also that of Mrs. Frank R. Greenwald. On Mrs. Mueller's body was \$400. On Mrs. Greenwald's fingers were several valuable rings.

Mahuken's story implicates a man who claimed to be a physician. Mahuken knew him as "Dr. George."

His confession is in the hands of the police. "I visited Jordan's undertaking establishment," he said, "and cried as real as any person would who had lost a dear relative."

TWO REPORTS IN THE SWAYNE CASE

Washington, March 23.—It is said there will be two reports made to the house in the matter of the proposed impeachment of Federal Judge Charles Swayne of Florida.

The vote in favor of impeachment stood 8 to 5 for impeachment. Those who favored impeachment were: Deamond, of Missouri; Smith, of Kentucky; Clayton, of Alabama; Henry, of Texas; Little, of Arkansas; Brantley, of Georgia; Powers, of Massachusetts, and Palmer, of Pennsylvania.

This division of the committee, it is said, is not to be taken as indicating that the impeachment is regarded as a political question.

There were four absentees. Representatives Warner, of Illinois; Thomas, of Iowa; Nevin, of Ohio, and Pearce, of Maryland, all Republicans. At least one of the absentees is said to have favored impeachment.

The Hocking Valley station at Kerr's near Gallipolis, last night was blown over during a storm and C. W. Kerr's store overturned by the wind was destroyed by fire. Loss \$6,000.

SULLY

**Says He Was Ruined by
Multi-millionaires**

**WHO SHARED PROFITS BUT
NOT THE LOSSES.**

**"Cotton King" Says He is With-
out a Nickel.**

WALL STREET IS QUITE AMAZED

**To Hear That Certain Rich Men Have
Shown the White Feather—Sur-
prises to Come**

New York, March 23.—Friends of Daniel Sully declare today that the aethroned "cotton king" was ruined by multi-millionaires who were associated with him in the cotton pool. These men shared Sully's profits, but when the market turned, refused to stand the losses and sold him out. The pool were twice winners of large amounts of money. The third operation in the market brought disaster. Sully's friends say that his offer of 40 cents on the dollar represents his share in the pool and the balance which should have been borne by the rich men in the pool he was going to shoulder on long time notes. Creditors of the assigned firm forced the assignment believing that if the members of the pool were entitled to the winnings they should be responsible for losses. The names of four men, high in the financial world, are freely mentioned as Sully's partners in the deals.

Sully is disheartened and broken down at the actions of his friends. "I could not give you a nickel if you asked me for it," he said. "I don't even own the clothes on my back."

Wall street is accustomed to treachery among pool members, but the fact that some of the most prominent members in the financial districts are reported to have shown the white feather has caused distinct amazement.

THREE DROWNED

Louisville, Ky., March 23.—While fishing at Ohio Falls, Ind., today, a skiff containing Andrew Isgrigg, 19; Arthur Everhart, 18; Ed Hert, 21, and Elmer Schneider, 20, capsized. Isgrigg, Everhart and Hert were drowned. Schneider managed to swim to the shore. All live in Ohio Falls.

DIED OF PLAGUE.

Washington, March 23.—The State Department today received this pathetic cablegram from United States Consul Wm. T. Fee at Bombay, India, saying: "Daughter dead of plague. Wife attacked."

Fee was formerly mayor of Warren, Ohio. He was appointed to the post at Bombay January 21, 1892.

IS IT A PLOT?

Belgrade, March 23.—An Austrian military attaché at Belgrade has secured the details of the Serbian arrangements to obtain heavy supplies of ammunition from abroad secretly. The attaché's activity will probably frustrate the plans for its delivery. Just what purpose the ammunition was intended for is not known.

TWO-POUND BABY.

Appleton, O., March 23.—Born to Mr. and Mrs. Len Totten, a fine baby girl last Sunday. The little girl weighs only two pounds, but she is perfectly developed and is in good health.

Milwaukee, Wis., March 23.—The grand jury returned three more indictments last night.

SAYS WOMEN ARE NOT MASSACRED

Berlin, March 23.—A missionary in Southwest Africa has written to the Reichbote defending the Hereros against the charges of massacring women and children and the indiscriminate slaughter of men.

He gives the matter of a number of women who had been reported killed, but who are all alive, although the Hereros had opportunities to murder them. Native Christians, the missionary adds, assisted a number of women and children to reach the military stations safely.

The missionary further asserted that the Hereros rebelled partly through the oppressions of the traders, partly owing to the cruelties inflicted on them, and partly on account of the disregard of the Germans for the sacredness of the marital relations of the natives.

The instruments of punishment used included rhinoceros whips, 25 strokes, which leaves a native bleeding and half dead.

ROSA

**President of the Argentine
Expresses Warm Reg-
ard for Uncle Sam.**

New York, March 23.—A cablegram from Buenos Ayers today states that John Barrett, the American Minister in the Argentine republic, who will shortly depart for his new post at Panama, had a special conference yesterday with President Rosa, at which they discussed the relations between the United States and the Argentine Republic. President Rosa positively denied the reports that have been printed in American newspapers of an alliance between the South American republics against the United States. He declared that Argentine wished that the closest friendship should at great sister republic.

WILL USE APES TO FIND GERMS

Chicago, March 23.—To search for the scarlet fever germ in a series of experiments on apes is to be the object of a trip to Europe about to be taken by Dr. Ludwig Heekton, head of the McCormick Memorial Institute for Infectious Disease. The institution was endowed by Mr. and Mrs. Harold P. McCormick, who lost a son through scarlet fever.

Dr. Heekton will sail for Liverpool April 1. After two months' work in the hospitals there experimenting on monkeys, he will visit various hospitals on the continent.

The trip is undertaken because of the difficulty and expense of bringing the monkeys to this country.

DICK TAKES OATH OF OFFICE

Washington, March 23.—General Charles Dick, took the oath of office from the State of Ohio today to succeed the late Senator Hanna. Mr. Foraker escorted him to the desk of the president pro-tem, where the obligation was taken and his signature was placed on the book of oaths. The galleries were filled. Mrs. Dick and friends occupying seats in the private gallery.

Germany and England got most of their flax from Russia. The failure of the last crop in that country has led to an advance of 25 per cent in prices.

Mrs. Mary O'Brien died recently at North Sydney, N. S., at the age of 154 years, her friends assert. Her youngest brother living is nearly 80 years of age.

Buffalo, N. Y., March 23.—A Lehigh Valley railroad engine blew up at Wend Station this morning. The dead:

Thomas Finkler, of Buffalo, engineer.

Elmer Osgood, of Buffalo, fireman. One man, whose name has not been learned, was badly burned. It is reported considerable damage resulted to the train, cars on a siding and to nearby buildings, but details are lacking.

WRECK NEAR ERIE.

Erie, Pa., March 23.—Eastbound Pittsburg express on the Lake Shore and Michigan Southern railroad ran into an open switch at Northeast, Pa., 16 miles east of here, at 4 o'clock this morning. The train struck some box cars, the tender piled up on the locomotive and the entire train left the track. By a miracle the engineer and fireman escaped injury. A night watchman at Northeast, Dell Jones, was on the box cars at the time and was fatally hurt. A brakeman, whose name could not be learned, was seriously injured.

The passengers received a bad shaking up, but it is said by the railroad officials that none was seriously hurt. The tracks of the Lake Shore are still blocked.

TWO KILLED HERE.

Dennison, O., March 23.—As the result of a plug blowing out of a locomotive boiler in the Pan Handle yards Tuesday, Richard Morgan, of Dennison, was killed; N. C. Smith, of Columbus, engineer, and George Rhoades of Dennison, engine inspector, were fatally scalded. H. K. Shaffer, of Dennison, broke his ankle by jumping from the running board.

BAGGAGE CARS BURN.

Bedford, Ind., March 23.—Two baggage cars forming a part of the Monon passenger train burned just before reaching Bedford today, with their contents, the result of an explosion of oil inside one of the cars.

B. & O. ACCIDENT.

Grafton, W. Va., March 23.—A B. & O. freight train struck a landslide at Fifty-eight cut on the Cumberland division last night, derailling the engine and 12 cars and instantly killing Fireman Roy Fraley, of Terra Alta, and Brakeman F. Richards, of Oakland, and injuring Engineer Dan Rice so badly that he may die. Both tracks were blocked.

STATION BURGLARIZED.

Latrobe, Pa., March 23.—The passenger station of the Pennsylvania railroad was burglarized early this morning and the safe dynamited and about \$75 taken. The robbers had broken the combination in the inner compartment of the big safe and filled it with nitro-glycerine, but were frightened away before they had succeeded in opening it. They were discovered by Joseph Kelley, who states that two men were at work on the safe, while a third acted as guard. Chief Sterling was notified, but the robbers disappeared before he arrived. The force of the explosion blew the outside door off the safe, shattered the windows, chandeliers and tore the plaster from the walls and ceiling. A fuse and cap was found attached to the inner safe. Entrance was gained by forcing open a rear window. There is no clue.

SSS THE OLDEST AND BEST BLOOD PURIFIER

THE GREATEST OF ALL TONICS.

A Spring Medicine that adds vigor and strength to the system, purifies and enriches the Blood, and lays the foundation for a strong constitution and good health during the hot sultry summer.

Most everybody feels bad in the spring. Some have no particular ailment but are just tired, worn out and totally unfit for work or anything else that requires energy or effort. They mope around upon the border-land of invalidism, irritable, peevish, hysterical and unreasonable.

A good appetite in the spring is a rarity, and we sicken at the sight of food, or thought of eating, and what little we do eat is a burden to the stomach and a tax upon the digestion.

Warm weather is sure to bring out the hidden poisons, germs and seeds of disease that have been collecting in the blood and system during winter, and you may look for some old chronic trouble to make its appearance. It is a time, too, when boils and carbuncles, and pustular or scaly skin eruptions like eczema and tetter, pay their annual visits and make life miserable by their intense pains and intolerable itching and burning.

The fight for health should begin before any warning symptoms of physical collapse are felt, or before the seeds of disease have time to germinate if we would avoid the usual spring sickness; and with S. S. S., the acknowledged king of blood purifiers and greatest of all tonics, you can put your blood and system in such perfect condition and so strengthen the constitution that one may be as free from sickness and as vigorous and strong during the trying months of spring and depressing summer season as at any other time.

S. S. S. not only builds you up, but searches out and destroys any poisonous germs or impurities that may be lurking in the blood. The benefits derived from the use of S. S. S. are permanent because it acts directly on the blood and purifies and cleanses it of all impure matter, leaving nothing to cause fermentation and deterioration of this life-giving fluid.

In selecting your blood purifier and spring tonic get one that long experience and thorough test have proven the best. In S. S. S. you will find a remedy whose purifying properties are unquestionable, and just such a tonic as your system needs. Ask your druggist for S. S. S.—there is nothing else just as good.

For the past 40 years we have had a standing offer of \$1,000 for proof that S. S. S. contains the least particle of any mineral whatever, and this offer is still open.

SSS NATURE'S REMEDY PURELY VEGETABLE

A HAPPY MOTHER

WEATHERFORD, TEXAS.
May 14, 1903.

Before my baby was born I was in great misery. I was just able to be about but just as soon as I began to take Wine of Cardui, which had been recommended to me, I felt much better. In fact I feel that if it had not been for this medicine I would not have been strong enough to live through childbirth. But that was made comparatively easy by taking your medicine for four months before baby came. Wine of Cardui restored my health as I took it highly of Wine of Cardui and I am glad to endorse it.

Mrs. C. C. Wood

TREASURER, YOUNG MATRONS' CLUB.

Wine of Cardui is a powerful tonic which acts on the generative organs of women, regulating menstruation and giving tone and strength to the organs which inflammation and weakness have affected. It cures nineteen out of every twenty cases of bearing-down pains or ovarian trouble. Wine of Cardui cures barrenness and aids the mother in conserving her strength for the ordeal of childbirth. After that event the Wine prevents dangerous flooding and helps mothers to quick recovery. Wine of Cardui is the one medicine a mother should use before and after childbirth.

PROMINENT BOER LEADER

Epke Rolf De Wall, President of Transvaal Congress and Relative of Kruger Visits Newark--Mr. De Wall Talks to the Advocate.

Newark has been favored during the past twenty-four hours with the presence of a distinguished character in the person of Epke Rolf de Wall, of Pretoria Transvaal Republic, South Africa, who was formerly the celebrated field commandant of the Meddelburg Brigade of the Transvaal army, during the late war.

Mr. De Wall arrived in Newark on Tuesday evening, and immediately called on Rev. William Berger, pastor of the German Presbyterian church of this city, to whom he introduced himself. Mr. Berger then introduced him to Township Trustee E. D. Everts, whose guest he has been while in the city.

Mr. De Wall is a typical Boer, his face reminding one very forcibly of the pictures of Paul Kruger, late President of the Transvaal Republic. He is a highly educated man, speaking fourteen different languages fluently, and is also a Doctor of Medicine, Doctor of Philosophy and Doctor of Divinity.

In addition to being Field Commandant of the Meddelburg Brigade of the Transvaal army during the late war, he was also President of the Volksraad, (the Transvaal Congress), and is related to President Kruger, his mother and President Kruger's wife being sisters. Mr. De Wall is now 57 years old. His parents were in the big trek from Cape Colony to Natal in 1837, and later in the trek from Natal to the Transvaal in 1847, where they had the big war with the Sulu Dingans. During this latter trek Mr. De Wall was born. In 1854 the Boers formed out of twelve small republics the two republics—the Transvaal and the Orange Free State.

In 1881 England made a desperate effort to overpower the Transvaal and annex it to England, but was defeated in the battle at Magabaz Hill. In 1883 President Kruger made a treaty with Gladstone, late Premier of England, and both republics were recognized by England and the other powers. But later when gold and diamonds were discovered in Kimberly and Johannesburg, English capitalists endeavored to obtain possession of the country, and in 1897, in the Jamison raid the English were defeated by the Transvaal army at Johannesburg. Cecil Rhodes was induced by the Transvaal government, with other leaders, for high treason, but was pardoned by President Kruger. Cecil Rhodes was not satisfied but was endeavoring to obtain control over the mines and the government, and it was he that drew the British government into war. The Boers declared war, but were compelled to do so in order to protect their rights and homes. War was declared on October 15, 1899. The Boer army at the breaking out of hostilities numbered 45,000 men, while England already had 16,000 men in South Africa.

Mr. De Wall, who was a Field Commandant, took command under Gen. Joubert, and participated with him in the siege of Ladysmith, and the battles of Spion Kop, the Tondera River and Colenso. For a short time af-

ter the death of General Joubert, Field Commandant De Wall was under command of General Botha. He then served under General De Wet (Black Christian). Commandant De Wall participated in all the battles with De Wet. Finally, in the battle at Vaal River he was cut off from his troops, wounded and taken prisoner. In 1902 he was brought to Hamilton, Bermuda islands, as a prisoner of war. After the treaty of peace had been made, De Wall and 154 other Boers refused to take the oath of allegiance to the British King and were kept on the islands and not permitted to return to their homes in South Africa.

In May, of 1903, Mr. De Wall escaped from Kingston, Jamaica, on a German vessel, and made his way to Pensacola, Florida. From there he went on a coast steamer to New York, and since that time he has been lecturing in various portions of the United States.

In the fall of 1903, he underwent an operation in a German hospital in Milwaukee, and had removed from his person a bullet received in the battle of Vaal River. After recovering from the operation Mr. De Wall continued on his lecturing tour as far west as the Mississippi river and through Illinois. During the week between Christmas and New Year's he was taken sick with typhoid fever and was in the Catholic hospital in Indianapolis for three months.

Mr. De Wall is now on his way to New York City, from which point he will sail for Europe, as he is an exile from the Transvaal he will not be permitted to return home. He says, however, that he may go as far as Switzerland. He is very much impressed with the United States and says that he likes the country exceedingly well, but thinks he is a little too old to begin life anew in a new country.

When asked about the colonization of Boers in the United States for the purpose of colonization, that Africa is the country for the Boers, and even if they are exiled they will wait for that day when South Africa will be strong enough to drive the Red Coats out of South Africa, and to create a great South Africa Republic. He said the Boers would never give up the hope of being free; that they have buried their cannon, guns and flags, but that there will come a day when they will raise from their graves to speak a language that will astonish the world, and he hopes he will live until that day, which is not very far off. He says the Boers motto is, "South Africa for Africans" for a great republic from the Zambezi to Capetown, from the west to the east.

In speaking of the late Boer-English war Mr. De Wall said that the Boers had no artillery at the beginning, but that Chamberlain and his brother were the chief stock-holders in a big British gun factory; that they sold many guns to the Boer government and allowed them to be smuggled in through British territory. They also allowed guns to be smuggled in from the Krupp fac-

tory in Germany, and other countries so that the Boers were well supplied with guns, to the surprise of the British.

In the battle at Colenso the Dublin Hussars took one of the Long Tom's from the Boers, and Colonel Blake, with his Irish-American brigade, of the Boer army, retook the gun. This is the only instance during the entire Boer war where the Irish fought against Irish.

Mr. De Wall left for the East at 10:30 o'clock Wednesday morning, having made many friends in the city during his short stay here.

BANQUET

IN HONOR OF MR. FITZGERALD AT THE MANHATTAN

Given by the Y. M. C. A. Business Men's Class—Physical Director Goes to Oklahoma.

A very pleasant event was the banquet given Mr. E. G. Fitzgerald, the retiring physical director of the Y. M. C. A., at the Manhattan hotel on Tuesday evening. The affair was given by the business men's gymnasium class and was a voluntary testimonial of the esteem in which Mr. Fitzgerald was held.

After a six-course dinner served in faultless style by Proprietor Spencer, of the Manhattan, Attorney Charles L. Flory called the assembly to order as toastmaster and introduced a number of the men present, who responded with short speeches.

E. S. Randolph spoke in behalf of the trustees, who, he said, were deeply sensible of their loss in the retirement of Mr. Fitzgerald, as well as their appreciation of the work he had done here.

General Secretary A. A. Ebersole spoke most enthusiastically of the cordial relations that existed between him and the retiring physical director, and of the latter's continuous and helpful co-operation in the general plan of work of the association.

At the close of the feast and oratory Mr. Harry Scott, presented Mr. Fitzgerald with a \$20 gold piece, and after a feeling speech of appreciation by the recipient, and a short season of social chat, the company of 38 men disbanded.

Mr. Fitzgerald will go to Oklahoma to take up his residence soon.

NEW STORE

THROGGED WITH PEOPLE ON THE OPENING DAY.

Visitors, Delighted by Its Beauty and the Character of the Goods—A Bit of Interesting History.

There are three dates which have become epochal in the development of Newark's commercial life and growth, and these days are important, not alone to remember with interest, but also as showing the energy, business sagacity and financial nerve that, in less than a year, has been characteristic of two of Newark's well established commercial factors, The Newark Real Estate and Improvement company and The Powers-Miller company.

The date of June 18, 1903, marks the establishment in Newark of the first big department store, properly so-called. On that date the Powers-Miller company opened to the public the opportunities and advantages of the large city stores, in the Union block, the quarters having been built to their order by the Newark Real Estate and Improvement company. From the first the idea took well with the shoppers of the city, and the new store had soon established a big trade and was in every way successful. This went along until December 6, when the entire community was shocked on that Sabbath morning by one of the most costly fires in Newark's history. The big department store, just in readiness for a big holiday trade, was literally wiped out of existence, and the handsome new building badly damaged, entailing a total loss of about \$125,000. It was a staggering blow, but it had been dealt to strong men, whose recuperative powers developed wonderful activity. The Newark Real Estate and Improvement company started at once to rebuild, and without waiting for salvage or insurance adjustment, the directors of the Powers-Miller company announced that they would re-establish the store along broader lines than before. Both these announcements have been fulfilled and the last of the important date trinity is Wednesday, March 23, 1904, which marks the re-opening of the Powers-Miller company's store.

The magnificent store was re-opened Wednesday morning at ten o'clock with all its pristine glory and an added beauty wrought by weeks of ceaseless thought and labor. Notice of the hour of the opening was, correctly speaking, brought home to the people of the city in a striking and effective manner. During the early hours of the morning neat cards were tied to the door knobs of every residence, calling attention to the opening, and the effect of this and liberal and judicious use of newspaper space was the coming of such throngs of people that the large and efficient force of clerks was entirely unable to handle them as the management had desired. Those who came, however, had the pleasure of seeing a superb display of the mercantile arts.

Since the destroying of the store on December 6 by fire, President and General Manager George D. Bradshaw, Assistant Manager and Vice President Frank Link and Secretary-Treasurer William C. Miller, with their capable corps of assistants, have exerted their best efforts to give Newark the splendid establishment the Powers-Miller store now is.

The spacious windows were appropriately decorated by Mr. Frank Link. In one of the show windows is a large ship, bearing the legend, "Sailing again," rocking with the regularity of the sea's waves. The picture is completed with water lilies and other tasteful trimmings. In the other window is a display of Oriental rugs, their total value being over \$2,000.

The exterior front is decorated with American flags. On the interior the trimmings are in accord with the season of the year.

Artificial apple blossoms and leaves, almost defying detection, and arranged on branches taken from the popular fruit tree, made a pleasing impression. Violets and similar and Easter flowers are also seen in different parts of the store in abundance.

Marsh's orchestra furnished music from the center of the first floor.

The first floor is devoted to dress goods, silks, velvets, underwear, leather goods, handkerchiefs, notions, fancy goods, ribbons, laces, gloves, corsets, linens, infants' wear, men's furnishings and other kindred lines.

On the second floor are seen the costly display of carpets, rugs, draperies, furniture, cloaks, suits and waists.

Wallpapers of all varieties, moldings,

furniture and the wholesale department are on the third floor.

The basement is used for the upholstering and carpet making departments. Here also are the mammoth gas engine and dynamo, which furnish power for the elevators, heat and light for the entire store.

Considerable credit is due to the Newark Real Estate and Improvement company, which spared no expense in fitting out the building to the desires of the management of the Powers-Miller company.

The general departmental arrangement is the same as in the previous store, and the handsome new stock in each department has been carefully selected by experts in each line.

Visitors today were not only impressed by the beauty of the store, the elegance of the new fixtures, including round cornered heavy plate glass show cases lighted by electricity, but by the quality and character of the big stock of goods. The store will be open to-night.

EAST STORE TO OPEN.

Mr. B. M. East said to The Advocate Wednesday that he would re-open the East Newark Pharmacy at the old location on East Main street next Saturday morning.

The drug store was destroyed by fire on February 6, resulting from a natural gas explosion.

TELEGRAM

ANNOUNCING DEATH OF JUDGE VOORHEES' NIECE

Causes Circuit Court to Adjourn Till Monday—Suit to Collect Insurance—Court House News.

Judge R. M. Voorhees received a telegram announcing the death of his niece at Coshocton Wednesday afternoon. Circuit court then adjourned to Monday next at 9 o'clock. On Monday morning the court will resume the consideration of cases which were assigned for the balance of this week.

In Circuit Court.

In circuit court arguments of counsel were made Wednesday in the case of Thomas D. Lawrence v. John Lawrence et al. The suit is brought for the partition of certain real estate in this county, the point in dispute being as to what construction should be given to certain clauses in the will of Charissa Orr, late of this county, disposing of the real estate in controversy. Flory & Flory; Brister, Hunter.

An Insurance Case.

Attorneys Homer Sparks and Smythe & Smythe have commenced suit in the common pleas court on behalf of Philip B. Smythe, as administrator of the estate of Thomas B. Holmes, deceased, against the Mutual Life Insurance company, to recover the sum of \$1,000 alleged to be due the said Thomas B. Holmes on a policy issued by the company. It is understood that the company does not dispute its liability on the policy, but the policy is claimed both by the administrator of Mr. Holmes and by another person, who claims to have an assignment of the policy, so that the real contest in the case will be between the two claimants and not as against the company.

Ohio Should be Solid for Col. Kilbourne.

The suggestion by the Advocate and other Democratic papers of Ohio of Colonel James Kilbourne, of Columbus, as the fittest and strongest man for the Democracy of this State to present to the National Convention at St. Louis as its candidate for President, has met with an immediate and most favorable response from the Democratic press and representative men of the party throughout the State. The leading Democratic newspapers of Ohio and the patriotic men of the party agree, without dissent, that Colonel Kilbourne's nomination would be the best thing possible, and they advocate his nomination with the greatest enthusiasm as the best possible one to be made in the interest of harmony and victory. Such a nomination would be especially in the interest of harmony, because it would not represent any faction but would stand for the whole party. All Democrats could unite solidly upon such a man as Colonel Kilbourne. His nomination would be the guarantee of victory this fall because he commands the combined confidence of the business interests and laboring classes—because he would be an ideal candidate in every respect. Clean, strong, and without flaw in character and record, Colonel Kilbourne commands the esteem and respect of the people everywhere. Push the movement along, fellow Democrats, and let Ohio go into the National Convention solidly for a sure winner—James Kilbourne.

The conflict in the East is costing money, and the energies of Japanese and Russians are devoted to the fine arts of borrowing and taxation. Japan, on the last reckoning two weeks ago, already has expended \$78,000,000, and Russia has been obliged to put out a good deal more. But the direct expenditure by both nations is the least cost of the outlay. All the necessities of life, in the way of breadstuffs and provisions, are steadily rising in price, and trade is everywhere reported as suffering among the masses. As a result of the suffering by the subjects of the Czar, there is a great influx into this country of Russian immigrants. Starvation prices for the necessities of life and ruthless conscription are making the condition of the Russian masses deplorable. The sad results of war are falling on both countries with all their horrors and suffering, but more acutely apparently on Russia than on Japan.

Ex-Governor Hill comes out with a very positive declaration in favor of the nomination of Judge Parker by the Democratic National Convention. Governor Hill advises that the Cleveland talk shall not be allowed to divert attention from Judge Parker's candidacy. He is a clean, honest man, with a splendid record that will specially commend him to the people on the labor question. If Parker gets the

vote of New York for the nomination, Governor Hill advises that the people shall not worry about what happens afterward. Judge Parker's candidacy meets with great favor in many localities, but Ohio's presentation of the name of Colonel Kilbourne is bound to meet with serious and favorable consideration by controlling influences at the St. Louis convention.

The Impossible in Politics.

(Pittsburg Post.) Whenever there is a glimpse of encouragement for the "Hearst movement" at the South it is heralded by the Hearst press, and they are largely Republican, strange to say, as settling the matter, on the idea that the election of a half dozen delegates will determine the action of a thousand delegates to be chosen to the St. Louis convention. The New Orleans States declares that this movement has been checked at the South, and it is no longer feared in that part of the country, and there is no reason to really fear it anywhere. It has caused annoyance, but no mischief, to the Democratic party. The States continues its comments as follows:

The Democratic party has in the past been punished for its shortcomings, but it realizes now that nothing it has suffered will be comparable to the disaster that will be invited by the folly of nominating such a man as Hearst for the presidency. It is impossible to believe that the party can be guilty of such folly, for the very good reason that every one of its leaders who has an ounce of brains knows that Hearst with an open check-book is seeking in the most unblushing manner to buy the nomination, and knows also that it is not the man, but the party itself, that is on trial before the country. This alone is sufficient to kill the shameless Hearst movement, and it will be killed, if it is not already dead.

We have not felt it a duty, as so many other Democratic papers in the United States have done, to expose the real character of the Hearst movement, which consists almost altogether in the purchase of a few get-at-able delegates and the corruption of Democratic politics. But this proceeding has become so audacious and bare-faced that it promises from this very insolence to defeat itself. We can conceive of nothing more improbable, save it would be the nomination of such a man as Matthew Stanley Quay or Boss Platt of New York, to make final deliverance of the Democratic party. All that has been accomplished in that way has been the purchase of a few cheap and marketable papers, to bolster by falsehood and misrepresentation the so-called Hearst movement. We cannot recall a Democratic journal in the United States that accepts this conspiracy to nominate an impossible candidate as anything else than the very insanity of politics.

RESTORED TO HEALTH BY VINOL
AND STRONGLY IN-
DORSES IT.

Mr. Hall Says Such Letters Justify
His Strong Claims for
Vinol.

Prominent men from all parts of the country are endorsing our Vinol, and strong testimonial letters from four ministers of the gospel and several physicians have been received within a week. Such unsolicited testimony as this is the best proof of merit any medicine can have.

The Rev. George W. Ruland, of Keene, N. H., writes: "I have used your cod liver oil preparation, Vinol, as a tonic, and I do not believe there is any other medicine that can equal it. It

GEO. W. RULAND.

built me up and strengthened me so that I was enabled to do very exacting work. Vinol has done for me more than was claimed for it."

I, Frank D. Hall, declare to the people of Newark that there is no other remedy or cod liver oil preparation known to medicine that has the healing, strengthening power which Vinol has, and if it fails to create strength and health for run-down, debilitated people, old people, weak, sickly women and children, nursing mothers, and after a severe sickness; or if it fails to cure a hacking cough, chronic cold, throat or bronchial trouble, or to make those who are too thin fat, rosy and healthy, we will return every cent paid us for it.

Is there a sick, ailing or aged person in Newark who can afford to ignore this generous offer? Frank D. Hall, Druggist.

Scrofula

It is commonly inherited.
Few are entirely free from it.
Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it.

Common indications are bunches in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

"My daughter had scrofula, with eleven sores on her neck and about her ears. Hood's Sarsaparilla was highly recommended and she took it and was cured. She is now in good health." Mrs. J. H. Jones, Parker City, Ind.

ARREST

Of Young Boy on the Charge of Breaking Into Residence of E. C. Wright Last Week.

After two o'clock Wednesday afternoon Chief Sheridan, Officer Pat Carroll and Officer Zergebiel arrested Bradley Ridenbaugh, a boy about 13 years old, living on Bremen street, on the charge of burglarizing E. C. Wright's residence on Granville street last Thursday night.

The house was entered with a skeleton key in the night and a watch, two rings, a silver soap dish and \$14 cash being stolen. The police got a tip which resulted in the lad's arrest Wednesday afternoon.

It seems that Ridenbaugh left town last Saturday night and went to Indiana, but returned a day or two ago. In his absence the articles stolen from Mr. Wright's home were returned, save the \$14, which had been sent to Chicago for a revolver. The young man called at the postoffice to get the package from Chicago when he was arrested.

It is claimed that Ridenbaugh took a violin from a Fourth street store on February 23.

BEWARE THE "IDES OF MARCH"

Whatever money you have on hand April 10, 1904, must be returned for taxation, or the tax incisor will hunt you out. The assessor cannot "touch" you, if your surplus funds are invested before that dreaded date, in the Preferred Stock of The Newark Telephone Company, issued to extend the plant and increase the earnings. for the stock is NON-TAXABLE, under the law, because the company pays all the taxes. There is no "statutory liability" connected with the ownership of this stock.

Nor will there be any occasion for you to worry as to the safety of the investment. You get your six per cent. payable semi-annually on July 1st and January 1st. Put your money into Newark Telephone Preferred before the "Ides of March" and let the tax assessor do the worrying.

The undersigned will gladly show you the plant and answer all questions about the stock.

Has Your Hair Any Life?

Is it faded, gray, harsh and lifeless—full of dandruff and irritation?

Rexall "93" HAIR TONIC

contains hair life, the vital element upon which healthy hair thrives, and so cures dandruff, grows fine hair, and brings back youthful color, without being a dye or stain.

"You certainly can rely on my telling all my friends about Rexall '93' Hair Tonic for the hair. My hair was thick enough but appeared lifeless, no color, just a dead black appearance, and gray hairs were beginning to appear. I suppose it was the dandruff from which I was badly troubled. One of your testimonials told about the same hair trouble as mine, so I used '93' Tonic. My hair now is jet black all over, glossy and abundant, with a curling tendency, and my scalp is free from dandruff. As a dressing it is splendid.—BEATRICE SILVERA, 189 West 136th Street, New York City.

THE RAILWAYS

B. & O. TELEGRAPHERS HAVE MADE AN APPOINTMENT

To See Mr. Potter on Thursday—New York Central Earnings—Wabash Capital Increase—Local News.

Baltimore, Md., March 23.—H. B. Perham, president of the Order of Railroad Telegraphers, and Edward N. Vanatta, of Newark, O., chairman of the general committee of Baltimore and Ohio railroad telegraphers, were in conference yesterday with Mr. George L. Potter, third vice president of the Baltimore and Ohio railroad, at Camden Station. The conference resulted in an appointment for Thursday, when the grievances of Baltimore and Ohio telegraphers will be discussed in detail.

The questions at issue relate to about 800 men out of 1,200 employed by the company.

They cover increases in wages asked for of from \$2 to \$19 a month, and other concessions desired. The consideration of these questions by the committee of employees and Baltimore and Ohio officials resulted in a disagreement and a vote was taken as to whether a strike should be ordered to enforce the demands of the men.

This vote was taken on Sunday last, but President Perham stated that the result would not be announced until the conference with Baltimore and Ohio officials was held. It is alleged that the operators have by a vote of about five to one insisted upon their demands for a 15 per cent increase in wages, but nothing official on this point is given out.

New York Central Earnings.

New York, March 23.—The report of the New York Central railroad for the quarter ending March 31 (partly estimated) shows the full effect upon earnings of the rigorous winter weather. The heavy snows which tied up traffic in New York state, not only reduced the volume of tonnage handled, but increased the ratio of operating cost to gross business.

The regular dividend of 1 1/4 per cent for the quarter was declared by the directors, but its payment, called for a larger sum than was represented by the balance after fixed charges, etc., though for the period from July 1 to March 31 the dividends were more than met.

Gross earnings for the quarter were \$17,317,200, a decrease of \$1,379,632, while operating expenses were \$13,079,700, a decrease of only \$338,616.

The dividend calls for \$1,653,100, making a deficit for the quarter of \$867,300.

Wabash Capital Increase.

Toledo, O., March 23.—At a special meeting here the stockholders of the Wabash railroad voted to authorize an increase of \$50,000,000 in the company's capital stock.

This is simply to comply with the law of Missouri, under which the Wabash is incorporated, which provides that a company cannot have a greater bonded indebtedness than its capital stock.

Since the reorganization of the Wabash the bonded debt of the company has exceeded its capital by about \$13,000,000, but the increase voted brings the capital stock up to \$102,000,000, about \$7,000,000 more than its bonded debt.

The meeting also voted to ratify the execution of the agreement between the Wabash and the Bowling Green Trust company, as trustee for an issue of \$10,000,000 of first lien 50-year 4 per cent gold bonds, to provide money for the improvement of terminal facilities in various states.

Comes to Newark.

Zanesville, O., March 23.—After a year and a half of faithful service, C. C. Farabee has resigned his position as yardmaster of the B. & O. in Zanesville and will go on the road as freight

conductor on the Lake Erie division of the B. & O.

He will be succeeded by Conductor Joe Vandervort, who has been running on the local between Newark and Bellaire. Mr. Vandervort came to the city Tuesday morning and will begin at once the work of learning the yards preparatory to taking up the active duties of the office. He is a railroad man of much experience and will undoubtedly make an efficient yardmaster.

Mr. Farabee came to this city a year ago last September from a position as conductor on the Lake Erie division and since that time has made an excellent yardmaster. He has not felt satisfied here, however, and has decided to resign. He will leave about the first of next week and will move his family to Newark in the near future.

Local Railway Briefs.

J. H. Bebout, who has been off duty for some days with an injured eye, returned to work on Tuesday.

Conductor A. Straw is unable to work on account of sickness.

Conductor Donovan is off on account of sickness in his family.

John Pierri, an employee of the freight house, who has been on the sick list for some days, is slowly recovering.

Brakeman Welsh is laying off on account of sickness in his family.

Fireman A. B. Tucker, who broke one of his arms some time ago, is making a nice recovery.

The round house callers are again doing duty. Some time ago the services of the round house callers were dispensed with, and the work of calling the engineers, firemen, brakemen and conductors devolved upon the yard office callers. Joe Dublin and W. C. Millhaugh are now doing the work at the yard office.

Brakemen G. Anderson, O. E. Pierson and Helmke are off on a short leave of absence.

Engineer W. C. Briggs, who has been off duty for some days on account of sickness, is rapidly improving and will soon be able for work.

Brakemen H. S. Blair, Kuerr, S. Parks, Chester and Reed have all returned to work after a short absence.

George Robinson, a well-known B. & O. switchman, and family, were called to Shawnee by the serious illness of John Galloway. Mr. Robinson returned home last night and says that Mr. Galloway is no better. He is suffering with dropsy and stomach trouble. Mr. Robinson and Mr. Galloway are old friends, having come to Newark together thirty-three years ago.

Engineer W. F. Baseman O. K'd for work today, after having been off for some days on account of sickness.

J. H. Holman returned to work today, after having been off sick for some time. J. H. is a helper in the shops.

Fireman C. A. Lewis, who has been suffering with typhoid fever for some time, is reported as getting along nicely at this writing.

J. E. Sherrard, a shop man, is suffering with a severe cold.

F. H. Bernelt, a helper in the shops who has been unable to work for some time on account of the grip, is now rapidly recovering and will soon be able for work.

Fireman Harry Perkins, who has been unable to work for some time on account of sickness, is improving.

Fireman N. A. Monahan, who has been unable to work on account of an attack of quinsy, has been marked up for service.

Conductor Shultz is laying off on account of sickness in his family.

Engineer George McMullen, who has been suffering with a severe attack of rheumatism for a long time, is slowly improving.

A. F. Chilcott, a machinist, is suffering with a sprained wrist.

Fireman R. A. Burge, who has been off duty for some days with an injured knee, has recovered from his injury and returned to work on Tuesday.

Brakeman C. O. Mason, who has been suffering with an attack of the grip for some time, is rapidly recovering and will soon be able to return to work.

A clever smuggling plan has come to light on the Dutch-Belgian frontier, where a farmer had some buildings put up, part of which were in the one country and part in the other. The customs officials, hearing strange sounds, made a search, and discovered an underground passage for the illegal passage of cattle and pigs across the frontier.

GRANVILLE

BAPTIST MINISTERS GATHERING AT COLLEGE TOWN

Conference Opened Wednesday Afternoon With Address of Welcome by President E. W. Hunt.

Granville, O., March 23.—From now on through today, Thursday and Friday Granville will be a center of religious thought and discussion, such as has not been experienced in this village for some time. Besides the regular meetings of the Ohio Baptist Ministerial Association Conference, a number of other religious organizations have planned to hold meetings of their executive committees and boards of managers. The Northern Ohio Baptist Ministers Conference have adjourned their spring meeting to come to Granville, and the Executive Board of the Ohio Baptist Young People's Union have called their meeting to be held at Granville during the Conference. The Evangelistic Committee of the State will hold its meetings at this time. The Sunday School Workers (inter-denominational), of Licking county, have been invited to be present and a large number is expected on Thursday at the Sunday School session. The executive committee of the Licking County Sunday School Association will hold a meeting on Thursday after the afternoon sessions to arrange the program for the County convention to be held at Hebron, May 17-18.

A large number of delegates have already arrived to attend the conference and others are arriving on every train. The conference opened this afternoon at 2 o'clock with an address of welcome by President Emory W. Hunt, followed by addresses by Prof. Shailer Mathews of Chicago, and Rev. Joel Slocumb of Columbus. Prof. A. T. Robertson also delivered an address this afternoon on "The Message of a Modern Minister." At the meeting this evening Dr. G. W. Lasher will preside.

Without doubt this will be one of the most interesting meetings ever held in Granville. A cordial invitation is extended to all the friends of the university to attend these sessions and share in the great treat. Ministers of the different denominations of the county are especially invited to be present.

PERRYTON.

A quiet wedding occurred here on Wednesday evening. Miss Nellie Lake and Mr. Park Montgomery being the contracting parties. Rev. Mr. Tedrick officiated.

Rev. Mr. Bender was absent Sunday, being engaged on his new work.

Rev. Mr. Tedrick commenced a serial meeting at Pleasant Valley on Monday night, March 21.

Miss Nettie Cullison, principal of the Fallsburg schools, will close the year's work with an entertainment on Friday evening, March 25.

Miss Lola Varner of Pleasant Valley was the guest of her teacher, Miss Warfel Saturday and Sunday.

On Saturday afternoon the pupils of the public schools made a visit to the sugar camp on the farm of Mr. Crawford, which is being operated by John Scanlon.

Jordan Priest and family of Tilton Dale, and Arthur Beckham and family of Western avenue, were the guests of W. O. Beckham's family Sunday.

The sportsmen here have bagged a number of ducks since the season opened.

Rev. Mr. Kilpatrick filled his engagement north of town on Sunday.

The steam railroad from Mt. Vernon to Zanesville via Perryton, is said to be a sure go this summer.

AMUSEMENTS

A good-sized Tuesday night audience was on hand at the Auditorium to witness the second performance given by the Howard-Dorset company, in their week's engagement, and it is safe to say that there was not a single person who saw it that did not go away well satisfied with the evening's entertainment. The bill was a three-act farce-comedy, "The Man From Mexico," and it abounded in good, clean comedy, depending for its ludicrous situations upon the episodes of the drama and the situations produced in the unraveling of the plot, rather than upon coarse jest and loud-voiced jokes.

The play is a piece for one man to star and was originally written for Willie Collier, who made the piece famous by his characterization of Mr. Fitzhugh. This role was assumed Tuesday night by Mr. George E. Howard, who has already made a most favorable impression upon those who have seen him on the past two evenings. His Mr. Fitzhugh was done in exactly the right manner to please. At no time was his work anything but that of an artist, and he gave to the rendition of the character much of his own pleasing personality, which made a great hit with the audience.

Miss Dorset as Mrs. Fitzhugh and the other members of the company also did creditable work, but it is no detractor from the merits of their individual efforts to say that the exigencies of "The Man From Mexico" fit out for Mr. Howard a character entirely congenial with his dramatic temperament.

Postal Card Too Small

Mrs. A. T. Neal, of Maryville, Mo., Says:

"A postal card is too small to begin my praise of your wonderful preparation, Paracamp. My first experience with Paracamp was about one year ago; my little girl was very badly burned with hot grease. One of my kind neighbors recommended Paracamp and gave me what she had on hand, as we live in the country and could not immediately get it from town. The first application gave relief. We used about three bottles and the burns were healed up nicely, although they were very bad burns. My little girl was playing and fell knocking the grease in her lap; she was burned on both legs from the knees almost to her hips, and in removing her clothing a great deal of the skin came off, leaving her legs perfectly raw. I have used Paracamp for a great many things since then, and never like to be without it in my house. I have quite a family and find it a great task to write, but I hope my letter will reach you in time, as I am a great friend of Paracamp. I could tell you more of its good works but guess this will be enough for this time. I am always willing to sound the praise of a valuable remedy."

"This letter should convince all mothers of the necessity for keeping in their home a bottle of Paracamp. This wonderful remedy is needed almost every day in the year. It not only relieves pain quickly but it heals all manner of wounds without leaving ugly scars. Get a bottle of Paracamp today, and if it fails to do what we claim for it and if you don't find it is the most useful remedy you have ever had in your home, we will refund your money."

THE SOCIETY SPY.

New Profession For the Idle Man In London's Smart Set.

The out of work man in the smart set who formerly lent himself for a consideration as a "guinea pig" director, "touted" for tradesmen on commission or sold furniture, country houses or motor cars has found a new profession. It is that of "society spy."

According to a correspondent of Truth who signs himself "A Shopkeeper and a Gentleman," the "society spy" is invaluable. If a west end man is in difficulties or his wife has overrated his patience, the "society spy" informs the trade at once.

If a west end man who has been for years on the brink of bankruptcy wins a large sum at the card table, there are intimate friends who profit by making the good fortune known.

At a time when there are so many who are rich or appear to be rich whose names are unfamiliar to the shopkeeper might make serious mistakes were it not for the information which is so given.

The tradesman is only too happy to pay for information which enables him to avoid a severe loss.

Tradesmen in former days seldom ventured to ask such questions, and their customers, as a rule, supported each other. Now, says Truth's informant, the difficulty shopkeepers have to contend against is that most of their customers, especially if they are intimate friends, have not a good word to say for each other. Modern English society is today an "association of enemies who profess to be friends."—London Leader.

Wages of English Hangmen.

The many executions taking place these days would give the lie to the story had it not already been contradicted that the hangman suffers poverty. But the court of aldermen really does possess the record of an appeal for increase of the hangman's salary. Jack Ketch wrote that as executioner he could get no other employment; that he had to keep an assistant, but that hangings were so rare as to make it impossible for him to live. He must have compared his own lot with that of the French hangman in the palmy days of that officer before the guillotine killed his profession. "The post is sacred here," wrote a diarist in Paris, "and approaches the noblesse in the right of using a sword and the priesthood in being proscribed entry at all spectacles but that of the profession. If blood unsullied can ennoble, then I know of none so pure, for a French hangman can marry none but a French hangman's daughter." Far different was it from the Ketches of old time, as the following record shows: "Executioner's fees, 7s. 6d.; stripping the body, 4s. 6d.; use of shell, 2s. 6d."—St. James Gazette.

Her Calf.

While waiting for a train at a little station down in the country the other day a Chicago man overheard two farmers talking as follows:

"Say, Bill, did you hear how old Hanks come it over Pete Harvey last week?"

"Naw."

"Pete, he druv up to Bill's place, 'nd Bill says to him: 'Come back in the barn. I want to show you a cow 'nd calf I've got for sale.' The cow was a fine lookin' critter, 'nd Pete ast how much Hanks wanted for her 'nd the calf. After dickerin' a bit Pete bought them 'nd started home. Next day he come back, mad as a hornet."

"Bill," he says, 'you skinned me on that critter. She ain't no new milk cow, 'nd that ain't her calf.'"

"Yes, it is," says Bill.

"If it is I'll eat 'em both, hide, hair 'nd hoofs," says Pete. "The calf won't have anything to do with her. It ain't her'n."

"Well, I reckon I oughter know," says Bill. "It's her calf, all right. I bought the little cuss myself 'nd give it to 'er, 'nd if it ain't her'n whose is it?"—Chicago Record-Herald.

The RUSSIANS

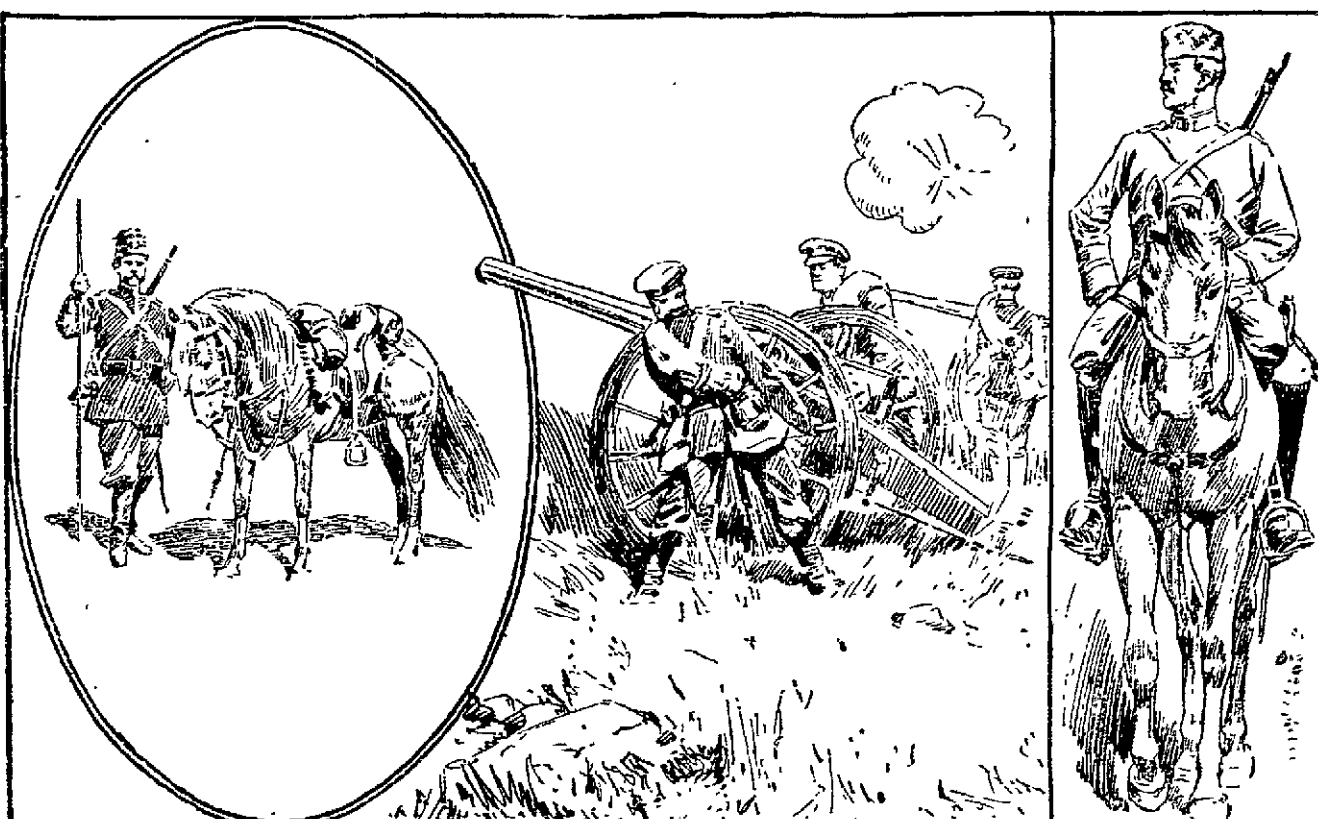

Their Lust For Land—The Empire's Mission—An Autocrat Ruled by a Bureaucracy—Always Preparing For War—The Revolutionary Spirit Is Rampant

CZARS may come and czars may go, but Russia's policy is changeless. That is why a naturally peaceful emperor of supposedly autocratic powers who was committed to a pacific reign by his suggestion of The Hague arbitration tribunal finds himself at war with Japan. Beyond a doubt the war is a genuine grief to Nicholas II. He did not desire it, he endeavored to prevent it, but even the autocrat of all the Russias was powerless when he stood barring the pathway of the Russian advance. Peace? Why, of course the czar wanted it, and so did the potent bureaucracy that sways him, provided peace did not interfere with Russia's absorption of Manchuria and her acquisition of Port Arthur, the long coveted ice free port on the Pacific.

His Lust For Land.

The Russian has an insatiable appetite for land. He has absorbed Poland, Finland, part of Turkey and wide stretches of Asia. Manchuria is his

was separated by water. There is no nation so unified, so organic, and this unity is not only governmental, but geographic. Whatever she takes she assimilates. It may be never so much at enmity to her, she makes it Russian. This process may require centuries. Her purpose is longer. She may leave the captured territory the fiction of a separate government, even permit it to remain ostensibly under the control of some other great power. It suffices that she has gained a foothold. This she never relinquishes, but hides her time, gaining larger and larger concessions until at last the captured province is a portion of her ever advancing empire. Thus she spread eastward from Moscow to the Ural mountains. Thus she moved onward into Asia and annexed Siberia. Thus by struggle after struggle she took Finland from Sweden. Thus by partition after partition she absorbed the larger portion of Poland. Thus by war after war she wrested the Caucasus and Transcaucasus from Turkey. Thus by

present meal, but he is casting greedy eyes upon Korea, Persia, Afghanistan, Turkey, India and what remains of dismembered and helpless China, and unless his advance is checked now by the legions of Japan or later by those of some other power or powers his progress southward will end only at the Mediterranean, the Red sea and the Indian ocean.

The means by which this land was taken have varied. Sometimes by war, sometimes by diplomacy, sometimes by settlement, he has reached his ends. He did not hesitate at butchery if butchery were necessary. He cheerfully lied if lying would forward his purpose. He fomented internal discord in the coveted kingdom if he thus could come in under the guise of peace-maker and take the country for his own. If it were necessary to reach his goal by indirection, then the indirect route was followed; if he was compelled to seize his prey when the other powers were not looking, such seizure was made; if he had to wait a century before achieving his object, he waited patiently and stolidly. Beaten back at one point, he reached out at others, but always and everywhere he kept in view one thing—to get the land.

The Russian Purpose.

Russia can be compared to a lake fed from some invisible source and ever increasing in its area. Like the lake, too, it has only spread over contiguous territory. This is the peculiar difference between the Muscovite and every other conquering nation. Rome and England have taken colonies wherever they could be secured. Russia took only those adjacent. She even sold Alaska, which, though near,

crowding and fighting she conquered portions of Turkestan, Transcaucasia, Khiva and Bokhara.

Napoleon's Prophecy.

Thus by diplomacy she gradually tightened her grip upon Manchuria until Japan sprang to arms. Who can wonder that Napoleon, who had the longest vision into the future of any man of modern times, said that Europe would ultimately become "all Cossack or all republican?" He could have added that Asia will become all Slav or all civilized.

The evident "mission" of Russia is to spread all over the world and convert everything to the temporal dominion of the czar and the spiritual dominion of the Greek church. The declared "mission" of Japan is to carry western civilization to the Orient, to be the leader of the far east in the march of modern progress. In the course of events these two "missions" collided. The result was war.

In time of peace the Russian constantly prepares for war. On a peace footing the army numbers about 1,000,000 men, and each year 800,000 young men reach twenty-one and are liable to military service. In time of war the government has 3,000,000 men, half a million horses and 9,000 guns. Exemptions from entering the army are many and various. These are, first, physical disability; second, when the candidate is a breadwinner for a family; third, medical men, chemists, teachers, members of learned professions, professors in technical studies, etc. (this applies only in times of peace, of course); fourth, those exempted because of special circumstances. All these causes serve to disqualify near-

ly half of those who apply. If the remainder amounts to more than the district's quota, choice is made by lot.

The Conscripts.

About 7 per cent of the male population of each district is thus taken each year. This is not the holiday affair it proves to be with our own national guard, but is rather serious business. The men are conscripted, and a wooden lock is placed on the leg of each. Amid the lamentations of relatives the conscripts are loaded into wagons and taken to the nearest recruiting station. Arriving there, each man first passes into the hands of the doctor, thence to the military barber. If successful in the medical ordeal, the top of the applicant's head is shaved; if unsuccessful, the back. The rejected candidate is truly unfortunate. He is thrust out without any clothing, his apparel dumped out after him, and he is allowed to dress in the cold. Then every soldier is privileged to kick and cuff him as a mark of contempt for his

LOCAL OPTION BILL

Passed by the House and Will Probably Pass the Senate--The Vote in the House 70 to 31--New Salaries Bill--Other Measures.

Columbus, O., March 23.—The Brannock local option bill passed the house by a vote of 70 to 31, a greater victory for the temperance element than they had claimed even in their most confident moments. Messrs. Brannock, of Clermont, Fisher of Medina, and Woodburn of Union, spoke in its support; Wayne of Hamilton, and Sawyer of Cuyahoga, leading the opposition.

There is a small chance in the liquor interest being able to dangerously oppose it in the senate. Representatives voting against the bill were Braun, Eichel, Carle, Kubanks, Farmer, Fischer, Foedderjohann, Guthrie, Hays, Herrick, Huffman, Kehnast, Kerney, Manix, Miller, Myers, O'Donnell, Osler, Reich, Reynolds, Rowland, Russell, Sawyer, Smith, Spangler, Sprague, Stephenson, Warner, Wayne, Williams, of Hamilton, and York.

The bill provides that upon the petition of 40 per cent. of the voters of a given district a local option election shall be held.

"The petition bounds the district which shall not contain less than 300 or more than 5,000 voters.

Only registered voters may vote at this election.

A dry vote drives all saloons out of a district except where the saloon is located in a block, 50 per cent. of the frontage of which is used for business or on a street (between two cross streets) where 75 per cent. of the frontage of both sides of the streets is used for business purposes.

The bill permits the delivery of beer to private residences within the dry district.

NEW SALARIES BILL.

The following bills were introduced in the senate:

By Harvey, of Cuyahoga--Fixing salaries of county auditors and treasurers at \$1,500 where the monies collected do not exceed \$100,000, at \$2,000 when from \$100,000 to \$250,000, at \$2,500 when
